

Welcome Prospective Families!

Small Friends on Nantucket provides year-round early education and care for children from three months through five years. Our nurturing environment helps children grow, play, and learn while developing social skills, independence, emotional well-being, and a love of learning. From our Minnows infant group to our Jellyfish preschool program, each classroom is designed to support children's age and developmental needs through hands-on activities, creative arts, music, movement, and literacy experiences.

We are the only early childhood center on Nantucket serving infants through preschool, and spaces are limited. Our waitlist is primarily based on the chronological date of application and the child's date of birth, with additional consideration given to availability, developmentally appropriate placement, and classroom balance.
