## THE ROAD WE WALKED TOGETHER

Our journey would not have been possible without our valued volunteers, dedicated donors, caring teachers, and the many people who helped our cause. Together we have nurtured and educated many children. We have supported parents and caregivers as they raise their children while working outside the home. We have helped local businesses stay open by being a safe reliable place where employees could place their children. We did all of this together with you!

## A LETTER FROM OUR EXECUTIVE DIRECTOR

Dear Friends,

Small Friends on Nantucket Early Learning Center embodies the very best of what we all want for our island's children. Each day our dedicated staff provide quality education and care to infants, toddlers, and preschoolers in a caring and warm environment.

The 2020 year came with its challenges. The COVID-19 pandemic forced us to make changes in the way we work, socialize, and educate our children. I am pleased to share that while we still worry about when the pandemic will end, the overall spirit at Small Friends has been and remains to be one of hope. Seeing dozens of young children learning, playing, and growing on our campus every day is an indication that our mission and goals for our children have remained the same, and I feel optimistic for the future!

For over 32 years Small Friends on Nantucket has provided exceptional early education and care to Nantucket's infants, toddlers, and preschoolers, and we will continue to practice this tradition for years to come.

Warmly,  
Nichole

# MESSAGE FROM OUR BOARD OF DIRECTORS

As we look at the year we leave behind, there were many challenges and obstacles we had to overcome as we continued to provide high-quality daycare to the youngest members of our community. It was a year where social distancing forced us to reimagine classrooms, as well as every aspect of daily operations and the way we organize fundraising activities. Our amazing staff, however, remained true to the core mission of Small Friends and ensured that laughter, warmth, and joy remained at the core of all educational activities throughout the day! As we enter a new year, we cannot wait to go back to fuller classrooms and in-person meetings and fundraisers! Some challenges remain, however, as the building and playgrounds we love and cherish are now 13 years old and are in need of more maintenance and repairs to make sure our children continue to enjoy them in a safe and joyful manner. We are forever grateful to all donors and supporters of Small Friends and its mission and look forward to the future knowing it is in safe and caring hands!
